Well-being, like a fingerprint, is unique to each individual.  
BUT AMRIT'S FIVE PILLARS OF  
WELLNESS BENEFITS ALL.

Amrit's approach to well-being is supported by the time-honored science of the Eight Limbs of Patanjali Yoga, which suggests achieving congruity of thought, word, and action. This philosophy is supported by the Five Pillars of Wellness: Mindfulness, Nutrition, Fitness, Relaxation and Sleep. Each person has their own path to wellness for life and will create their personal definition of healthy practices, with help and guidance from Amrit experts and resources. ●

## Fitness

Sunrise beach yoga. Evening meditation. A state-of-the-art fitness studio and terrace overlooking the Atlantic Ocean. And then there are the little things—the fitness path that leads to the ocean, and many other natural ways to simply and easily integrate fitness into your daily life. That's why we say that fitness is seamlessly built into your Amrit daily experience.

## Mindfulness

Pause and delight in the present moment. Every day, Amrit's team of experts is available to assist you in practicing mindfulness. From the expansive ocean views to the lush meditation gardens, the soothing tranquility pools to the inspirational living art, life at Amrit naturally restores the balance of body & mind, enhancing creativity and reducing stress.

## Relaxation

Amidst flowing water features and dancing bowls of flames, embrace the sense of place and space of Amrit. Experience a world where relaxation is a way of life rather than a guilty pleasure. Enjoy our bespoke aromatherapy creations, our captivating water wall and our rejuvenating spa treatments. Outside, acres of beautiful, natural green space beckon, as a way to further quiet the mind and satisfy the soul.

## Nutrition

What you eat has a profound effect on both your longevity and how you feel. That's why nutrition is a cornerstone of Amrit's philosophy of well-being. Here, you'll find on-site restaurants offering healthy & delicious, farm-to-table selections. We also offer nutritional programs, including: Personalized Nutrition, Infusion Therapies, Weight Management, Detox/Cleansing and more. Amrit's Teaching Kitchen offers classes that help perfect your healthy cooking skills.

## Sleep

Quality sleep isn't a luxury—it's an underrated necessity. Our Amrit experts can help you select the perfect pillow and calibrate circadian rhythm lighting. If you choose, the Relaxing Ritual Concierge service will prepare your preferred evening beverage and draw a personalized bath infused with bespoke oils. Drifting off to sleep has never before felt this peaceful.
